

MANDATI MADHU YADAV

EXPERIENCE

October 2024 - Current

Site Engineer Madhavi infra

- Managed manpower, machinery, and materials to meet project requirements.
- Coordinated contractors, labour teams, and vendors for efficient site operations.
- Supervised construction site activities, ensuring execution aligned with drawings.
- Conducted site inspections, quality checks and progress monitoring.
- Ensured adherence to safety regulations and site protocols.
- Assisted in billing, estimation and quantity surveying.

January 2020 - July 2020

Diploma Intern I & CADD Warangal

- Acquired hands-on experience with irrigation systems, canal works, and water management concepts to support project implementation.
- Gained practical insights during 6-month internship in irrigation engineering, focusing on system design and implementation.
- Supported engineers through site observations, precise measurements, and comprehensive technical documentation to enhance project accuracy.
- Studied civil engineering practices in government irrigation projects to build foundational knowledge relevant to industry standards.

PROJECTS

Design and Analysis of Departmental store building by combination of STAAD.Pro and Revit, Major Project, The project involved the planning, design, and structural analysis of a departmental store building using STAAD.Pro for structural analysis and load calculations, and Revit for BIM-based 3D modeling, detailing, and preparation of construction drawings. The objective was to ensure structural safety, efficiency, and proper space utilization as per relevant design standards., B. Tech Final year

EDUCATION

08/2024

B. Tech | Civil Engineering

Annamacharya Institute of Technology and Sciences, Hyderabad, Telangana

GPA: 6.68/10

07/2021

Diploma | Civil Engineering

Government Polytechnic Husnabad, Siddipet, Telangana

GPA: 7.68/10

📍 Siricilla, India 505402

📞 +91 9502622546

SUMMARY

Motivated Civil Engineering student with a solid academic foundation, seeking entry-level opportunities to apply theoretical knowledge and gain practical experience. Proficient in AutoCAD, Revit Architecture and 3ds max with recent internship experience in Autodesk, including rendering using V-Ray. Eager to contribute to dynamic skills and learn from experienced professionals.

SKILLS

- Site supervision
- Site management
- Project scheduling
- Quality assurance
- Technical documentation
- 2D AutoCAD design
- Revit Architecture
- MS Office tools
- Team coordination

A vertical blue bar on the left side of the page, featuring a complex, repeating geometric pattern of interlocking lines that create a 3D effect.
